MMDA Network Infrastructure (Phase 1)***

BID BULLETIN NO. 2

December 6, 2021

All prospective bidders are hereby informed that a separate Application Centric Infrastructure (ACI) Controller doesn't need for the project to configure. There will be per switch via the centralized management. The Agency have flexibility to choose to use the conventional standard-based network and avoid proprietary solutions that pose a number of potential disadvantages

This Bid Bulletin shall form an integral part of the bid documents for the project.
